## European Cover Order Form

To travel abroad in Europe you will require a Department of Transport VE103b Certificate (Issued by TCH Leasing) and European Breakdown Cover. In the event of an additional driver using the vehicle unaccompanied, an individual VE103b certificate is required. We would recommend that personal travel insurance is purchased and that you do so through a reputable source.

TCH Leasing can provide comprehensive European Breakdown Cover which will provide assistance via AA should you experience a vehicle breakdown whilst abroad. Please complete the details below and return to Julie Hoyle travelabroad@tchleasing.co.uk

Drivers Name:
Company/Employers Name:
Home Address- (To match driver's license)
